There is a lot of effort going into the Emergency Preparedness. Currently First Aid is available at all school and the conditions of the storage units is being looked into. In regards to Food and Water, every school is responsible for replenishing supplies when used or outdated. As of now Chat is the only school that has a Defibrillator. District looking into supplying a couple, schools free to purchase their own, looking at apex \$1000.00 each plus people must be trained to use it.

After the Sandy Hook tragedy, looking at our kids safety and having a community protocol with a means for sharing knowledge of people with mental instability. VITRA Training - sharing relevant information to protect children. Kinnikinnick is looking at a locked door policy.

DPAC has a FaceBook page - it is a private page that you must be invited to (just let Janice know if you would like to be invited)

There has been some good information sharing between the schools

There are gaming funds that they are looking to spend.
